

## **Project Manager- Zero Fatality Corridor**

**Location: Mumbai, India**

### **ABOUT SVELIFE FOUNDATION**

We are an independent, non-profit organization committed to improving road safety and access to emergency medical care across India and the developing world. Our team members are highly motivated individuals with fire in their belly and passion for their work. We are a team connected with the spirit of public service.

Globally, 1.35 million people are killed each year in road crashes. 90% of these fatalities occur in the developing world with India leading the global death toll with 150,000 deaths each year. We are committed to saving lives on Indian roads and to do so, we connect research, advocacy, communication and on ground execution (RACE). Over the past few years, we have facilitated the enactment of key legislations in India such as the Motor Vehicles Amendment Act, 2019 and Good Samaritan Law, adopted one of India's deadliest highways to transform it into a zero-fatality corridor, trained thousands of Police officers and volunteers in life-saving techniques and built award-winning technology to connect and assist stakeholders including bereaved families from extremely poor backgrounds.

Our path-breaking work has been recognised both nationally as well as internationally. SLF has been recognised as the best NGO in India by Rockefeller Foundation; we have also won the prestigious Prince Michael International Road Safety Award, and we got featured by Satyamev Jayate TV Show hosted by actor Aamir Khan.

**Zero Fatality Corridor (ZFC)** Projects aim to build replicable and scalable models for reducing road crash deaths through an evidence-based approach involving— engineering, emergency care, enforcement and education for road safety.

### **JOB DESCRIPTION**

As the Project Manager-Zero Fatality Corridor, you are motivated and driven. Changing environments, varying levels of responsibilities and challenging objectives allows your true strengths to shine. You work with different teams, interact and engage with a wide range of stakeholders, meet Government officials and corporate donors and represent the organisation in various external platforms.

- Maintain close liaison with concerned Government authorities and other stakeholders, ensuring optimum participation and promoting ownership in the implementation of the projects. Work collaboratively across departments to develop and deliver on effective donor communications, reporting and compliance with the aim of cultivating, growing and sustaining long-term funding and collaboration
- Coordinate with Police, hospitals and other agencies to facilitate smooth implementation of project.
- Design, develop and monitor work plans, milestones and indicators.
- Document success stories and lessons learnt.
- Prepare reports for internal and external stakeholders around road crashes.

- Provide technical inputs for planning and implementing of new projects around road safety and emergency care.
- Carry out any other duties and responsibilities as maybe assigned.

### **Knowledge, skills and abilities**

- Minimum 3 years' experience of managing public health projects
- Substantial previous experience in working with government officials (e.g. public health department) and other stakeholders
- Ability to prepare clear and concise reports.
- Strong networking skills
- Results oriented, flexible and problem-solving skills

### **BASIC QUALIFICATION**

- Post-Graduate, preferably in public health with 7-8 years of experience
- Proven experience of working with Government
- Experience in Microsoft Office is required
- Excellent verbal and written communication skills in English, Hindi and Marathi
- Excellent interpersonal skills and the ability to work in a team or independently as required

### **Compensation:**

- Commensurate with experience and qualifications. Additionally, medical insurance and other benefits as per the organizational policy

**How to apply:** The interested candidate should send a copy of their resume, cover letter and details of current and expected annual CTC to [careers@savelifefoundation.org](mailto:careers@savelifefoundation.org). Please mention the name of the position in the subject of the email.
